VUKA TOWNSHIP PORTAL

Introduction

- How does unemployment affect our economy and community?

Brain Drain: Ambitious youth abandon the township, draining local talent pools.

The Silent Depression: The heavy metal to of waking up every single day with nowhere to send a CV

1. How does this app work?

It is a data free app that encourages young people to develop skills and experience.

2. Who is our target market?

Our primary target market is unemployed young people, especially those living in townships like Soweto.

3. How will it benefit the youth?

The Vula Township Portal helps the youth find jobs while getting access to nearby skills centres to improve their skill
